SCREEN/SOCIETY

In the aftermath of her tumultuous relationship with a charismatic and manipulative older man, Julie (Honor Swinton Byrne) begins to untangle her fraught love for him in making her graduation film, sorting fact from his elaborately constructed fiction. A film about finding one's artistic inspiration and individuality that avoids every possible cliché, *The Souvenir Part II* is a portrait of the artist that transcends the halting particulars of everyday life – a singular, alchemic mix of memoir and fantasy.
