Sammy and Rosie Get Laid

(Stephen Frears, 1987, 101 min, United Kingdom, English, 35mm)

"Directed by Stephen Frears from a script by Hanif Kureishi -- the team responsible for *My Beautiful Laundrette* -- *Sammy and Rosie* has a fierce, scrambled intelligence. In this story about a group of interlocking characters in a London neighborhood on the fringe, Kureishi and Frears rack up all of their views on sex, politics, colonialism, social injustice and rebellion like balls in a game of pool, then send them flying." -- Hal Hinson, *Washington Post*
